Brentwood-based RegionalCare Hospital Partners has signed a joint-venture with Montana-based Billings Clinic to form a new entity, Billings Clinic RegionalCare LLC.

Under the terms of the deal, Billings Clinic, which includes a 272-bed tertiary care hospital, a multi-specialty physician practice and a skilled nursing facility, will remain independent.

The joint venture will allow other health care providers in the region to become affiliated with the new entity, while combining Billings' clinical expertise with RegionalCare's capital and resources.

"The ever-changing health care environment requires new and innovative approaches and alliances," said RegionalCare Executive Chairman [Martin Rash](#) in a release. "Working together, Billings Clinic and RegionalCare can provide a path forward for organizations seeking collaborative solutions to the health care challenges of today and tomorrow."

The joint venture is the second deal announced by RegionalCare in recent weeks. In early May, [the company announced](#) it is building a new 100-bed hospital in Sierra Vista, Ariz.
